_____	_____	_____	_____	_____	_____
_____	_____	_____	_____	_____	_____

Outcomes Assessment Testing: In compliance with the Middle States Accreditation requirement that all institutions of higher education assess student learning in general education courses prior to degree completion, GC administers an Outcomes Assessment test in April and May for its prospective graduates (degree awards only). Although a student's performance on the Outcomes Assessment test will not alter his or her graduation status, it is an institutional requirement.

<u>Acknowledgement of Requirements</u>	
My advisor has reviewed this program sheet with me in its entirety, and I understand what is required for the completion of this degree.	Semester Program Initiated _____
