ARTS & CRAFTS

The Healing Art of Zentangle PI-878

Discover the meditative and healing powers of art through the simple act of drawing. Art heals and the Zentangle® motto, "One Stroke at a Time", expresses this philosophy. There are no mistakes, and anyone can learn to draw using the Zentangle® method which teaches drawing mechanics using a few simple elements learned in a short amount of time. This allows the mind to meditate as it creates. The end result is a beautiful piece of art, and a restful, more creative mind. Focusing on beginners, but also open to experienced artists, this class will introduce new designs not yet taught in previous Zentangle® classes. Students will develop competence in drawing and achieve skills in a short period of time. The added therapeutic benefit of Zentangle® is that drawing based on a short, directed, and calculated methods, unburdens the mind of stress, improves concentration and focus, improves wellbeing, and allows for free expression.

Students will need to bring at least two (2) fine point sharpie markers, two (2) ultra-fine point sharpie markers, and colored markers or colored pencils are optional. All other supplies will be provided.

FIREARMS

Training & Certification

All firearm courses are taught by **John W. Sagal**, USAF Veteran, MSP Retired, and owner of Boston Hill Training. Sagal is a certified Maryland State Police Qualified Handgun Instructor and an NRA certified firearms instructor.

Handgun Qualification License:

This Handgun Qualification License training is a five-hour block of instruction which includes classroom instruction on state firearm law, home firearm safety, handgun mechanisms and operation, and a component that requires the applicant demonstrate the ability to safely fire a handgun. Unless otherwise exempt, as of October 1, 2013, a Maryland Resident must possess a valid Handgun Qualification License before they may purchase, rent, or receive a handgun. The classroom portion of the course will occur at 75 Grant Street in Frostburg MD and the operation and handling demonstration will occur at a secure firing range. The extra time built into the course will allow for travel to the range. Students must be a minimum of 21 years of age and are not permitted to bring a weapon or ammunition to class. Additional charge for fingerprinting done on site.

Approved HQL training courses are offered by Maryland State Police approved Qualified Handgun Instructors. Training is valid for 3 years and must be completed prior to submitting an application for a Handgun Qualification License. The Handgun Qualification License is only needed for purchasing, transferring, or renting a regulated firearm after October 1, 2013. You do not need a Handgun Qualification License to own a gun you already have.

\$89 (MDSR) | \$94 (GC) | \$99 (OOC) | \$104 (OOS)

NRA Basic Rifle:

This course is designed to teach the knowledge, skills and attitude necessary for owning and using a rifle safely. The course is perfect for the new rifle owner and serves as an introductory course for more advanced hunting or competition rifle match training. The basics of marksmanship are the lifelong building blocks for many other hunting or shooting sports. The goal of the basic rifle course is to familiarize the student with the correct operation and maintenance all types of rifles, along with teaching how to handle and shoot them safely. Topics include the following: gun safety, operation of different types of rifles, ammunition knowledge, rifle selection, storage and the five shooting fundamentals. Classroom instruction will be held at the Garrett College facility. Students will then provide their own transportation to complete live fire training and a shooting qualification on NRA approved targets at a range in Frostburg, MD. Students will receive the rifle handbook and a course completion certificate. All materials will be provided by instructor and are included in the cost of the course. **STUDENTS ARE NOT TO BRING AMMUNITION OR FIREARMS.** Students will sign a waiver of liability and are to provide their own lunch. Any person of good character who is not legally disqualified from possessing a rifle in the U.S. can attend this class. A paying adult must accompany individuals under the age of 18 years of age.

\$119 (MDSR) | \$129 (GC) | \$134 (OOC) | \$139 (OOS)

Maryland Firearm Wear & Carry Training:

This 2-day class is required for anyone applying for the initial MD Wear & Carry Permit. Topics include: handgun nomenclature and operation, handgun action types, rules for safe firearm handling and use, fundamentals of handgun shooting, introduction to MD firearms laws, use of lethal force, selection/maintenance/storage of a handgun, home safety, interactions with law enforcement, and application requirements and process. Students should bring the firearm they will qualify with and 25 rounds of ammo to keep locked in trunk until arrival on range. Attendance of class does not guarantee permit. Additional charge for fingerprinting done on site.

\$210 (MDSR) | \$215 (GC) | \$220 (OOC) | \$225 (OOS)

Lunch and Learn: Nutrition for Stress Reduction

Presented by Mary Thies, MS Nutrition, YogaRYT500

What Defines Stress: Obvious and not so obvious causes of stress—how we adapt and work around underlying situations—covert stress. This presentation will focus on how the body processes nutrition in accordance with the nervous system and this affects you.

"I am currently completing my PhD in Health Science and have a Master of Science in Clinical Nutrition and Integrative Health. I am a former adjunct professor at University of Maryland, as well as at George Mason University in Virginia. My career has combined both health and statistics; I was a senior statistician for the U.S. Department of Transportation/Federal Aviation Administration, human spaceflight safety program, and for the Turner Fairbank Highway Research Center. For DOT/FAA, I worked on the Informed Consent program and human spaceflight safety database for human spaceflight tourism customers (SpaceX and Blue Origin launches). For Federal Highway, I personally conducted distracted driving experiments and tested what is currently now the common "city safety" crash detection system that is standard in most new cars." ~Mary Thies

Introduction to Paranormal Investigation PI-860

Ever wonder what it was like to hunt spirits in the dead of night? To talk to those who have passed on? To communicate with the other side? A Cumberland, MD native, **Steve Hall** has had an interest in the paranormal from an early age—from reading folklore and ghost stories, to playing paranormal investigator as a child, to his first encounters with the unexplained. These encounters led him to seek answers on what he saw, and ultimately to the Western Maryland Paranormal Society; joining WMPS in June 2013.

In 2014, he helped launch, with former WMPS Investigator Jeff Imes, the Spring Gap Paranormal Incident Response and Investigation Team (S.P.I.R.I.T.), continuing the legacy of WMPS in the tri-state area and soon parted ways with the new group, starting SH Paranormal Investigations (SHPI).

After years of extensive research on the field of parapsychology and the paranormal, Steve has taken part in investigations of Eisenhower Hotel and the George George House (aka the Reynolds Death house) in Gettysburg, Antietam Battlefield, the former Moundsville State Penitentiary, Puccini's Restaurant, the C&O Canal, Frostburg 123 Cinemas, Rosehill Cemetery and a few other locales in the tri-state area.

Registration closed: Sep 29 | Instructor: Scott Holiday

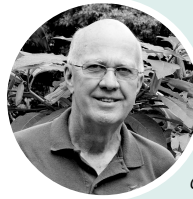

Scott Holliday, owner and operator of K9 Solutions, has over 17 years' experience working with tracking dogs with Fayette Search and Rescue. Scott began working with the K9 Solutions Center in Dayton, Ohio where he became a certificated Dog Obedience trainer and specializes in working with dogs who have distraction and anxiety issues.

In 2018, Scott and his wife Tara decided to open a K9 Solutions sister business in western Maryland in order to share their training knowledge with others. K9 Solutions Center uses positive, motivational based methods through marker training. This "balance training" allows the dogs to learn in a positive manner, through positive reinforcement, and at a quicker pace than teaching through repetition.

HISTORY

NEW! The Turbulent Sixties PI-897

The 1960's represent arguably the most consequential decade in U. S. History. It was a period of monumental social and political change that would alter virtually every aspect of American life for generations to come. This course will utilize lecture, film, and classroom discussion to study and discuss the major events of the decade, to include the Civil Rights and other social movements, the Vietnam War, the Cold War, the Cuban Missile Crisis, and other topics. We will also profile the prominent men and women who shaped the history of this tumultuous period.

Dick Carroll holds a Master of Arts Degree (2004) in American History from George Mason University. Before earning his MS Degree, he served for over forty years with the Central Intelligence Agency and the National Reconnaissance Office in various capacities. He has been teaching courses on American History since 2005 at various colleges and is excited to be teaching in Garrett County once more.

"RPM": A HISTORY OF VINYL RECORDS AND THEIR IMPACT ON ROCK 'N ROLL MUSIC

Several dynamic forces converged in the 1950's: 1).a burgeoning form of music called rock and roll, derived from the blues, folk and country; 2). a technology to record and mass-produce that music onto vinyl records. The consumer was mostly a massive generation of "baby boomer" youth who were in search of their own brand of style, expression and influencers.

Our course will cover the history of vinyl records and their important place in the explosion of rock and roll music that still endures today. Vinyl records have made a resurgence in recent years thanks in no small part to a new generation of youth who ironically seem to be searching for their brand and identity in music. We will review and discuss the beginnings and phases of R 'n R music through the decades, the different types of vinyl records, the marketing of both the music and the media. The passion of collecting vinyl records: how to identify authentic records, how to care for them; what constitutes a "rare/ valuable" record. In sum, you'll come away with a new appreciation of what was once considered a relic but is now in the throes of another rebirth.

This course will be held at Flip Side Sounds in downtown Oakland (121 South Second Street, Oakland, MD 21550) from 5:00-8:00pm.

CLASS SIZE IS LIMITED TO 12, SO REGISTER EARLY.

TWO OPTIONS AVAILABLE:

September 27th PI-921-01 | October 25th PI-921-02

Patrick "Pat" Franc was born in Oakland, MD from the Robinson-Hinebaugh-Glotfelty family tree. Between summers in Garrett County and school months in Pittsburgh he was raised on music with the records and sounds from the "golden era" (mid 1960's & 70's) of vinyl records and rock 'n roll. He continued his passion for music and collecting vinyl all through the 80's, 90's and new millennium as he traveled the U.S. and the globe during his corporate career which spanned over 35 years. He "retired" in 2015 to return to his birthplace and purchased a home by the Yough in Oakland with his wife, Barbara Ann (the Beach Boys did not introduce them!). They raised three children together and currently have six grandchildren - all of whom share an equal passion for music and yes, vinyl. They purchased a historic building in downtown Oakland in 2018 which now houses both Flipside Sounds and Sipside Lounge (a lounge for music lovers) where they love hosting music lovers of all stripes and from a variety backgrounds.

FALL 2022 CEWD SCHEDULE

Meet the Instructors!

Dr. Sean Beachy, of Grantsville, Maryland, has been an active pianist, composer, and teacher in the region for the past 20 years. He earned a degree in applied music with an emphasis in piano from Alderson-Broaddus College, a Master of Music degree in composition from Shenandoah Conservatory, and a Doctor of Music Arts degree in composition from West Virginia University. Dr. Beachy has been an active collaborative pianist and composer for the past 17 years. Most recently, his work for concert band, *Fanfare for an Uncommon Band*, was premiered by the Garrett Community Concert Band, of which he is the director, in June 2022 celebrating the band's 20th anniversary. Along with his wife, Debi, he directs the Garrett Choral Society and is the director of the Garrett Jazz Ensemble. In addition, he is co-director of music at St. Mark's Lutheran Church in Oakland.

Dr. Beachy currently teaches Piano Studies, Voice, and Composition/Songwriting for the Music Enthusiast. Lessons with him are offered at the Northern Outreach Center (NOC), Southern Outreach Center (SOC), and at the college main campus in McHenry.

Emily Brobst, from Frostburg, Maryland, is a flutist and pianist with training in both classical and jazz music. She currently teaches private flute and piano lessons while studying for a Music Performance Degree at Frostburg State University. She is a member of the FSU Wind Ensemble, FSU Jazz Combo, FSU Jazz Orchestra, and FSU Chamber Singers. She studies with flutist

Dr. Eftihia Arkoudis, and previously studied with flutist Dr. Keith Hanlon. Emily has performed in masterclasses with successful flutists such as Kim Valerio (principal flutist of both the Annapolis Symphony and Maryland Symphony Orchestras), and composer Hadar Noiberg, Emilio Rutllant, and and Beatriz Macías. She previously studied piano and composition with Dr. Sean Beachy, then studied piano with Dr. James DeWire, and currently studies jazz piano with Tom Harrison. Emily has performed with local groups such as the Garrett Choral Society, Garrett Community Concert Band, and Johnstown Youth Symphony Orchestra (first-chair flutist). When she is not practicing or performing, she enjoys composing for various instruments and ensembles.

Payment may be made by mail or in person at our office. We accept VISA, MasterCard, American Express and Discover - please call us at 301-387-3069.

Most courses have registration deadlines, which allows for ample time to notify students and instructors, should a course not meet its minimum enrollment. The department recognizes the inconvenience last-minute cancellations cause in the busy lives of our community members. Please register before the deadlines.

FINANCIAL INFORMATION

Course costs listed include tuition, fees, and out-of-county/out-of-state differentials (where applicable). Costs listed for Maryland Senior Citizens (persons 60 years of age or older) include a tuition waiver (where applicable) and fees. All students are responsible for any materials or texts that may be required for all classes.

REFUND POLICY

Completion of a registration form (in person, by phone, or by FAX) and tuition and/or fee payment serves as confirmation of registration and results in the student being obligated for the cost of the course. If, for any reason, a student cannot attend the course for which he/she is registered, it is his/her responsibility to withdraw from the course. In order to withdraw from a noncredit course the student must complete a 'withdrawal' form. Refunds will be made in full if you withdraw from a course by the course registration closing date. If you withdraw prior to the second class meeting, you are entitled to a 75% refund of total course cost. There will be no refund after the second class session. Any requests for exceptions to this policy must be made in writing and should be submitted to the Dean of Continuing Education & Workforce Development.

FINANCIAL AID

AVAILABLE

to Those Who Qualify!

Garrett College's Continuing Education & Workforce Development division awards over \$100,000 in scholarships annually as a result of funding from Garrett County Commissioners, local agencies, and private donors through the Garrett College Foundation. Full and partial scholarships are available based on the applicant's residency, educational goals and financial need. For best consideration, students are encouraged to apply early! Scholarship applications must be submitted at least three weeks prior to the start of selected program for consideration.

All workforce programs require a \$25 non-refundable application fee which cannot be paid with scholarship funds. The student is also responsible for any program fees, tests, or materials which are not covered by his/her scholarship.

Drop Policy

It is the student's responsibility to withdraw from a course that he/she cannot attend. Please note that failure to attend at least 75% of the course sessions, or failure to complete assigned coursework, may result in the termination of funding; as a result, the student will be charged for the entire cost of the course.

In addition to scholarships, the following agencies may support students, who meet their funding criteria, with tuition/fee assistance:

Western Maryland Consortium: 301-334-8136

Garrett County Department of Social Services, Garrett Works Program: 301-533-3000

Garrett County Community Action, SNAP Employment & Training Program: 301-334-9431

Maryland Department of Rehabilitative Services (DORS): 301-777-2119

INCLEMENT WEATHER POLICY

*Continuing Education and Workforce Development
follows the Garrett College Inclement Weather Policy.*

WHEN ARE WEATHER-RELATED DECISIONS MADE?

Because weather and road conditions can change quickly, there is no fixed time by which a decision to delay or close is made. While we attempt to make decisions for all-day closings and delayed openings by 6:30 AM, you should always consider the possibility that the decision may come after that time. Decisions to close early are made based upon information about the conditions, which means that there is no set time that these decisions will be made either; however, the College attempts to have a decision made about closing early by 3:00 PM.

HOW DO I FIND OUT IF THERE IS A DELAY OR CLOSING FOR THE COLLEGE?

The College's weather-line is immediately updated with any information that relates to the altering of the normal schedule.

To reach the GC WEATHER LINE, dial 301-387-3198.

HOW DO I KNOW WHICH LOCATION IS CLOSED?

Announcements made that the College is closed due to weather conditions include all locations: McHenry campus, Northern Outreach Center (Grantsville), Career and Technical Training Center (Accident), and the Southern Outreach Center (Oakland). There may be times when a particular location is delayed or closed for reasons other than weather. The information that is disseminated at that time will specify which location(s) are affected.

Employees, students and the public should not call any college department to find out whether the college is closed or is going to close. We ask that you call the weather-line for closing or delayed opening information. Note: The College will not make an announcement if operating on a regular schedule. If no information has been posted, then the College will be operating as normal.
