

C.N.C. MACHINING INSTRUCTOR

Garrett College has a need for two (2) part time C.N.C. Machining Instructors to teach non-credit/workforce development classes scheduled to start in September 2015.

Classes are held two evenings per week at the Career Technology Training Center in Accident, Maryland. Instruction is provided using curriculum meeting the requirements of the National Institute for Metalworking Skill, Inc. (NIMS). Haas milling and turning equipment is used for instruction.

C.N.C. Courses offered include: Job Planning, Benchwork & Layout, C.N.C Program Set Up and Operation for both milling and turning, C.N.C. Turning and Milling.

Required Skills/Experience:

- Excellent communication skills.
- Teaching experience preferred but not required.
- Ability to work effectively with a wide range of ages and skill levels.
- Work experience & personal C.N.C. machining skills to support teaching the content for courses listed above.
- Instructors are not required to have earned NIMS credentials; however, individuals selected for the position will be asked to work towards this goal.
- Ability to implement the NIMS curriculum to prepare students for the theory and hands-on NIMS credential testing.
- Assist students in the use of computer based training.
- Monitor student performance to promote completion of the training program.
- Experience with Haas equipment is not required and training is available if needed.

Salary: \$30 to \$40 per hour based on experience.

To Apply: Submit your resume and 3 references to Carol Mowbray Brooks, Garrett College/CEWD, 687 Mosser Road, McHenry, Maryland 21550 or e-mail Carol.Mowbraybrooks@garrettcollege.edu. For additional information, please call 301-387-3770.
