

ACADEMIC DISMISSAL APPEAL PACKET

Academic Dismissal is the end result of a pattern of poor academic performance, even after being warned of the necessity of improved performance. In submitting this appeal application, you are requesting an exception to the College's dismissal policy. This application requires you to reflect on and explain your past academic performance and your plan for future success, as well as why you find it critical to be reinstated immediately rather than wait the required dismissal period.

ACADEMIC STANDARDS AT GARRETT COLLEGE

Students at Garrett College are expected to take responsibility for their own academic success and degree achievement. This includes making satisfactory progress each semester towards completion of their academic program. Students who are satisfactorily completing their academic program requirements are considered to be in good academic standing. Students must maintain good academic standing in order to be eligible for graduation, and in many cases, to be able to transfer to another institution. Academic standing may also affect athletic and financial aid eligibility*.

Academic standing is calculated at the end of the fall and spring semesters, and is determined by the number of credit hours attempted and the student's cumulative grade point average (CGPA).

Good Academic Standing

Good academic standing means that a student is making satisfactory progress toward the completion of his/her degree. A student is in good academic standing if (s)he meets the following standards:

0-15.99 credit hrs attempted and CGPA of 1.50 or greater
16-28.99 credit hrs attempted and CGPA of 1.75 or greater
29+ credit hrs attempted and CGPA of 2.00 or greater

Academic Probation

When a student fails to meet the requirements for good academic standing, (s)he is placed on academic probation. Students placed on academic probation work with an Academic Success Advisor to develop a plan for returning to good standing. Failure to attain good academic standing while on probation will result in academic dismissal.

Continued Probation

A student on academic probation who earns a semester grade point average of 2.0 or higher but still has a cumulative grade point average below that required for good academic standing will continue on academic probation.

Academic Dismissal

A student who is on probation and does not meet the cumulative grade point average (CGPA) standard to be removed from probation, nor earns a semester grade point average of 2.0 or higher, will be academically dismissed from Garrett College. An academically dismissed student will be required to spend one year away from the College from the time of dismissal.

Students who have been academically dismissed have a right of appeal. Careful consideration should be given as to whether immediate reinstatement is appropriate. Academic dismissal is not a punishment; it is a consequence of repeated poor performance. Students who have reached this point are removed from the College to allow time to reflect on the factors causing poor performance. Rather than appeal for immediate reinstatement, students are encouraged to use this time to evaluate their academic/professional goals, address the challenges that contributed to poor performance, and formulate a plan for return when better positioned for success.

**As required by Federal regulations, students receiving financial aid are subject to additional standards of Satisfactory Academic Progress. A student who does not achieve the standards for Financial Aid Satisfactory Academic Progress could lose his/her funding. Refer to the Financial Aid section of the College Catalog for more information.*
