

## CLEP Score Requirements & Equivalencies

*How credits may apply to a student's degree requirements is dependent upon the student's major; credits could potentially be used toward a General Education or Major requirement, or as an Elective credit. Credits can only be awarded toward one degree requirement.*

*To receive credit, an official score report must be sent directly to Garrett College.*

*A maximum of 45 non-resident credit hours including transfer credits, military experience, AP, etc., may be applied to a Garrett College associate degree. Degree-seeking students must earn at least 15 credit hours while in attendance at GC, and certificate-seeking students must earn at least 12 credit hours of their program at GC.*

*Students planning to transfer to other colleges/universities after Garrett College should contact those institutions to determine whether credits will be accepted upon transfer.*
